INNOVATE

Intersectional Network
of Integrated Mental Health

INNOVATE is an initiative aiming at fostering innovation, community collaboration, and forward-thinking solutions to inequalities in mental health, funded by AHRC-UKRI.

This event is an opportunity for representatives from different organisations that provide community and/or mental health support in Essex to network and provide your experiences supporting local communities. Your experiences will help the INNOVATE team and the consortium as a whole to gain a better understanding of the challenges facing effective mental health and community support.

Join us for a networking lunch (12:00-13:00)

Event Programme (13:00-17:00):

- **Welcome Project Overview & Highlights**
- **Evidence Synthesis on burden and risks**
- **Asset Mapping for mental health**
- **The challenges in service delivery and access to services**
- **Looking back and Moving forward**

Your participation could significantly contribute to this mission. Be part of our community's collaborative journey.
